Graffiti Removal

When selecting your contractor, it's important to understand what their method of removal will be.

Before each new job the client is briefed on the most cost efficient removal technique.

We recommend Graffiti Removal rather than Coverup on the majority of surfaces.

Our removal vehicles are fully self-contained, for both power and water, allowing us to be quick at what we do best. We have everything we need onboard, to do a standard graffiti removal job, including ladders, hand tools, hand painting equipment and the latest HVLP spray system.

Our trucks also carry a small range of standard paints for paint over, where painting is required. With our new removal chemicals and our up-to-date techniques the chance of damage to your property is minimal.
